

foxx

Modern, functional, and versatile – these are the main features of *foxx*, the office table series with a C-leg base. *foxx* meets a wide variety of office requirements and can be configured to single, group, or team workstations as needed. *foxx_M* (multifunctional) provides the option of customising the equipment by adding modules. Cable management, accessory panel, modesty panel, CPU holder can be easily mounted on the multifunctional crossbar – no tools required. The electrically height-adjustable variants *foxx_eRK* and *foxx_eQK* offer an easy-to-use, ergonomically perfect sit-stand workstation.

foxx_M adds colour to the office. The lower part of the cantilever foot can be selected in contrasting colours from the Wiesner-Hager surfaces collection.

Variable C-leg table series.

Rich in detail.

Invisible cable management.
Cable grommets in the desktop and the generously sized cable channel ensure a tidy, largely invisible cabling of the table.

Multifunction crossbar.
Multifunction crossbar for mounting accessory panel, modesty panel and CPU holder. No tools required for mounting.

Electric height adjustment.
The electrically height-adjustable table variants *foxx_eRK* and *foxx_eQK* facilitate an easy shift from a sitting to a standing height workstation. Range of adjustment: 650 to 1290 mm.

Continuous height adjustment.
The working height of the table can be adjusted continuously from 650 to 850 mm.

Optional.

foxx_M workstations

----- = possible position of accessory panel and modesty panel
Note: In the case of the compact, universal and call centre table the modesty panel can only be mounted on one side.

Rectangular table

Compact table right/left

Universal table right/left

Add-on table/angled configuration for rectangular tables *foxx_M* (Ill.: add-on table right)

Add-on table rectangular

foxx_eRK and foxx_eQK workstations

----- = possible position of accessory panel and modesty panel

Rectangular table

Height of tables:

foxx_M

foxx_eRK et foxx_eQK

Exceptions: models *foxx_M*

Design:

foxx_M (multifunctional):

Table top: choice of laminate (MFC) or HPL top with seamless, moisture resistant laser edge (ABS edge), veneer with laminated wood edge, or compact top. Wood surfaces stained.
Frame: tubular steel frame structure with C-leg base, column 70 mm Ø, plastic glides. Working height 650 to 850 mm, continuously adjustable. With multifunction crossbar. Metal surfaces powder-coated.

Accessories: cable grommet rectangular or round / cable channel sheet steel, hinged on both sides / CPU holder / cable snake verticle / modesty panel perforated sheet steel.

Accessory panel light (optional): Fabric-covered panel in lightweight construction. Mechanically and thermally bonded polyester fleece (up to 70 % recycled material), suitable for use as a pinboard, and sound-absorbing (acoustic measurement according to ISO 354). Attached to the table top with a metal clamp and handwheel. Height 410 mm (table top edge – top edge accessory panel).

Important note: Cannot be combined with a modesty panel.

Accessory panel basic (optional): carrier plate decorative laminate (MFC) with fabric-covered panel, aluminium profile, powder-coated, also available including modesty panel.

foxx_eRK and foxx_eQK:

Electrical table height adjustment system. Steplessly adjustable to achieve optimum working height for individual users.

Table top: finish same as *foxx_M*.

Frame: tubular steel frame with T-leg base, adjustable plastic glides. Metal surfaces powder-coated either 55 eloxal silver, 9005M pitch black or 9016 white.

Column: *foxx_eRK* 70 mm Ø, *foxx_eQK* 70 x 70 mm.

Spacers (optional): steel plate, powder-coated either 55 eloxal silver, 9005M pitch black or 9016 white.

Perfect Partners.
